Human / Veterinary Pathology

Body Fridges (+3°C) / Body Freezers (-20°C).....	5-6
--	-----

Body Stores with small doors
Body Stores with large doors
Pass-Through Body Stores
Animal Body Fridges

Autopsy- / Necropsy-Tables.....	7-9
---------------------------------	-----

Standard Autopsy / Necropsy Tables with 4 feet
Standard Autopsy / Necropsy Tables with pedestal (none extracted)
Extracted Autopsy / Necropsy Tables with pedestal and perforated worktop
PABH Autopsy / Necropsy Tables with extraction and automatic body transfer
Multi-Purpose Autopsy / Necropsy Tables with pedestal
Docking Autopsy / Necropsy Tables (mobile) with Docking Station (stationary)

Necropsy Tables for Large Animals (w / wo Extraction)

Embalming-Tables / Embalming-Systems.....	10
---	----

Extracted Embalming Tables with Pedestal and perforated worktop
"Perfu-Tec" Inner Fixation System

Transport Systems.....	11
------------------------	----

Scissor Type Body Transporter with manual lifting (300 – 1800mm)
Scissor Type Body Transporter with electrical lifting (300 – 1800mm)
Universal Transporter with electrical lifting (600 – 1200mm)
Standard Transporters / Trolleys / Carts

Central Formaline Supply & Removal Plant.....	12
---	----

Grossing / Macroscopy-Workstations.....	13-14
---	-------

Tissue Dissecting Stations with Downdraft Extraction
MacroDoc-Stations® with Superstructure for Telepathology and Computerized Documentation
"GrossLab" Tissue Dissections (Table Top Models)

Extracted Wet Specimen Cabinets.....	15
--------------------------------------	----

Stainless Steel Laboratory Furniture.....	16
---	----

"HistoFile" Storage System for Paraffin-Blocks and Micro-Slides.....	17
--	----

Recycler for Ethanol / Xylene / Acetone.....	18
--	----

Air Supply Units with light for all autopsy-, necropsy-, dissection-tables...	19
---	----

Human / Veterinary Anatomy

Body Fridges (+3°C) / Body Freezers (-20°C).....	5-6
--	-----

Body Stores with Small Doors
Combined Fridge / Freeze Body Stores
Stores with Large Doors
Pass-Through Body Stores
Cold Rooms for Animal Cadavers

Anatomy Student Dissecting Tables

Standard Student Dissecting Tables (mobile) without extraction and 4 Feet.....	20
Student Docking Dissecting Tables (mobile) with side wall extraction and fully perforated worktop.....	20
PABH Student Docking Dissecting Tables (mobile) with side wall extraction and automatic body transfer.....	20
Multi-Purpose Student Dissecting Tables with Pedestal and interchangeable worktop.....	21

Embalming-Tables / Embalming-Systems.....	10
---	----

Extracted Embalming Tables with Pedestal and Perforated Worktop
"Perfu-Tec" Inner Fixation System

Air Supply Units with light for all autopsy-, necropsy-, dissection-tables...	19
---	----

Transport Systems.....	11
------------------------	----

Universal Transporter with Electrical Lifting (600 – 1200mm)
Standard Transporters / Trolleys / Carts / Special lift / tilt Carts /

Body Preservation / Fixation Systems.....	22-24
---	-------

Stainless Steel Cuvettes with lid for "Whole Body Storage" (Open Dip System)
Stainless Steel Cuvettes with lid for Organ Storage (Open Dip System)
Stainless Steel Cuvettes with lid for Animal Storage (Open Dip System)

NEW!

"SprayCon CS" Whole Body Preservation System (Closed System).....	25
---	----

Accepts formalin and is especially usable for "Thiel" or other conservation-solutions

NEW! Patented World Novelty

"DryCon HPCS 1700-1" Whole Body Preservation System Using a none-hazardous patented conservation fluid (Shellac).....	26 - 27
--	---------

Human / Veterinary Anatomy (contd.)

Macroscopy-Workstations.....	13-14
------------------------------	-------

Tissue Dissecting Stations with Downdraft Extraction
MacroDoc-Stations® with Superstructure for Telepathology and Computerized Documentation
"GrossLab" Tissue Dissections (Table Top Models)

Extracted Wet Specimen Cabinets.....	15
--------------------------------------	----

Stainless Steel Laboratory Furniture.....	16
---	----

"HistoFile" Storage System for Paraffin-Blocks and Micro-Slides.....	17
--	----

Recycler for Ethanol / Xylene / Acetone.....	18
--	----

NEW!

Bone Maceration Units.....	28-29
----------------------------	-------

NEW!

Bone Degreasing Units.....	30-33
----------------------------	-------

Plastination

NEW!

P.E.G. Infiltrator.....	34
-------------------------	----

Recycler for Acetone.....	34
---------------------------	----

Forensic Pathology

Obduction Tables.....	35
-----------------------	----

NEW!

PABH Obduction Tables with unique Downdraft Side Wall / Slot Extraction
and Automatic Body Transfer

Body Fridges (+3°C) / Body Freezers (-20°C)

MEDIS	Cat. No.	Description
-------	----------	-------------

Universal Transporter MA-2010 is used for loading / unloading

MA-1120 [Two Tier Body Fridge w. Small Doors](#) and fridge unit on top (without interior like body trays & body tray supports)

Body Lifter MA-1340 is used for loading / unloading

MA-1218 Three [Tier Body Store for 30 corpses](#) (27 / +3°C and 3 / -20°C

The inside of the coldroom is furnished with 1 body tray support (mobile or none-mobile) and 4 body trays (right).

MA-1231 Four [Tier Body Fridge with Large Doors](#) and fridge units on top

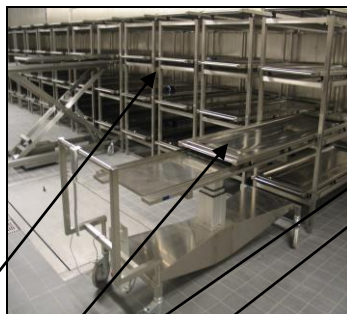

Body Fridges (+3°C) / Body Freezers (-20°C)

MEDIS Cat. No. Description

Universal Transporter MA-2008 for loading / unloading with integr. electronic scale

MA-1115 Two Tier Pass-Through Body Store for 4 bodies from autopsy room to entrance hall

MA-1243 Fridge Room (+3°C)
 Furnished with:
 12 x Body Tray Supports MA-1307
 48 x Body Trays MA-2009
 1 x Scissor Type Body Lifter MA-1260
 1 x Universal Transporter / Body Lifter MA-2010
 1 x Electronic Floor Scale MA-1335

Note:

For detailed planning information and budgeting please contact us. We will share our experience with you and give you a professional support for the specific demands of your project. Especially for important accessories, which we will manufacture especially for your demand, we need your indepth input.

Major accessories:

MA-1309 Mobile Body Tray Support for 2 body trays with 4 castors and locks (700W x 950(H) x 2200Dmm)

MA-1311 Mobile Body Tray Support for 3 body trays with 4 castors and locks (700W x 1500(H) x 2200Dmm)

MA-1312 Mobile Body Tray Support for 4 body trays with 4 castors and locks (700W x 1800(H) x 2200Dmm)

MA-1305 Stationary Body Tray Support for 2 body trays with 4 adj. feet (700W x 900(H) x 2200Dmm)

MA-1306 Stationary Body Tray Support for 3 body trays with 4 adj. feet (700W x 1500(H) x 2200Dmm)

MA-1307 Stationary Body Tray Support for 4 body trays with 4 adj. feet (700W x 1800(H) x 2200Dmm)

MA-1308 Body Tray Support with 5 rollers for trays with 2 skids (surcharge per tier)

MA-2015 Standard Body Tray 620(W) x 2100(D) x 80(H)mm

MA-2009 PABH Body Tray / Transfer Worktop with 2 centred drain holes 620(W) x 2100(D) x 80(H)mm

MA-1335 Electronic Floor Scale 0-500kgs with separate digital display. Dim.: 2000(L) x 900(W) x 150(H)mm

Autopsy / Necropsy Tables

MEDIS Cat. No.	Description
----------------	-------------

MA-0984 [Standard Autopsy Table with 4 feet](#) (2600Lx900Wx850Hmm)

MA-2080 [Standard Autopsy Table with 4 feet](#) and manual height adjustment (hand crank) - not shown!

MA-0980 [Standard Autopsy Table w. pedestal](#)

[Autopsy / obduction tables with washdown system](#) also available (option)

MA-0980 [Standard Autopsy Table with pedestal](#) (2600Lx900Wx850Hmm)

MA-0981 [Standard Autopsy Table with pedestal](#) and rotating worktop (2 x 45°)

MA-0982 [Standard Autopsy Table with pedestal](#) and height adjustment (750 – 1050mm)

MA-0983 [Standard Autopsy Table with pedestal](#), rotating top and height adjustm. (750-1050mm)

[Autopsy tables with perforated worktop](#)

[Unique MEDIS side wall extraction system](#)

MA-0975 [Autopsy Table with pedestal, downdraft sidewall extraction and perforated worktop](#)(2600Lx900Wx850Hmm)

MA-0976 [Autopsy Table with pedestal and downdraft sidewall extraction](#) and rotating, perforated worktop

MA-0977 [Autopsy Table with pedestal and downdraft sidewall extraction](#) electronic height justment (750 – 1050mm)

MA-0978 [Autopsy Table with pedestal and downdraft sidewall extraction](#), rotating top (2x45°) + electr. height adj. (750-1050mm)

! Note: we do not manufacture autopsy tables with a so called “dome extraction” because this extraction-method is not sufficient enough and does not extract evenly at all parts of the body! “Dome extraction” is mainly carried out in the centre of the body. This unique “side wall extraction system” is offered by MEDIS exclusively – which also avoids that dirt, water and debris enter the air extraction system. Planners should not take any risks at all.

Autopsy / Necropsy Tables (contd.)

MEDIS Cat. No. Description

PABH table ready for autopsy

Transfer of body to universal transp.

Transfer of body into body fridge

MA-2000 [PABH Autopsy Table](#) with pedestal, downdraft sidewall extr. and transfer- work-top (2600Lx900Wx850Hmm)

MA-2001 [PABH Autopsy Table](#) with rotatable worktop (2 x 45°), downdraft sidewall extraction and transfer- work-top

MA-2002 [PABH Autopsy Table](#) with height adjustment (750 – 1050mm), downdraft sidewall extraction and transfer- work-top

MA-2003 [PABH Autopsy Table](#) with rotatable top and height adjustment , down-draft sidewall extraction and transfer- work-top

Version with pathology workplate

Version with embalming workplate

Version with PABH anatomy workplate

MA-3500 [Multi-Purpose Autopsy Table](#) with pedestal, downdraft sidewall extraction and a detachable / exchangeable worktop for anatomy, pathology and embalming, 2600L x 900W x 850Hmm

MA-3501 [Multi-Purpose Autopsy Table](#) with rotatable worktop (2 x 45°), downdraft sidewall extraction and detachable / Exchangeable worktop for anatomy, pathology and embalming

MA-3502 [Multi-Purpose Autopsy Table](#) with height adjustment (750 – 1050mm), downdraft sidewall extraction and detachable / exchangeable worktop for anatomy, pathology and embalming

MA-3503 [Multi-Purpose Autopsy Table](#) with rotatable top and height adjustment (780-1080mm) and downdraft sidewall extraction and detachable / exchangeable worktop for anatomy, pathology and embalming

Note: please choose the worktop(s) you need to fulfill your demands

MA-3505 [Transfer-Worktop for use in pathology](#) with 3 drain-slots for all Multi-Purpose-Tables MA-3500 to MA-3503

MA-3506 [Transfer-Worktop for use in anatomy](#) with 2 closable drain holes for all Multi-Purpose-Tables MA-3500 to MA-3503

MA-3507 [Transfer-Worktop for use in embalming](#) with part-perforation for all Multi-Purpose-Tables MA-3500 to MA-3503

MA-3605 [Extracted armrests \(pair\)](#) with slide function

Note: we are happy to manufacture your special accessories on request

Autopsy / Necropsy Tables (contd.)

MEDIS Cat. No. Description

Version w. downdraft extraction No odors at demonstrations Air Extraction Duct (200mm OD) Version without air extraction

MA-0972 [Docking Autopsy Table](#) (mobile) without extraction (right), 2000(L) x 900(W) x 850(H)mm

MA-0974 [Docking Autopsy Table](#) (mobile) with downdraft extraction (3 x left), 2000(L) x 900(W) x 850(H)mm

MA-0970 [Docking Station](#) (stationary) for docking of one docking autopsy table (left)

MA-0971 [Docking Station](#) (stationary) for docking of two docking autopsy tables (right)

MA-2038 Mobile version with 4 maintenance-free electronic height adjusting columns

MA-2038 [Autopsy Table for large animals](#), mobil without downdraft extraction. With electronic height adjustment

MA-2072 [Autopsy Table for large animals \(stationary\)](#) with downdraft extraction. With electronic height adjustment

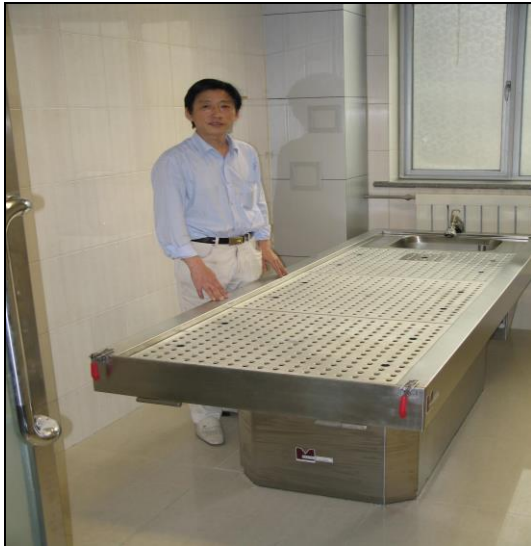

MA-2071 [Autopsy Table for large animals\(stationary\)](#) without downdraft extraction. With electronic height adjustment

MA-2037 [Mobile autopsy table / cart](#) with detachable dissecting plate and tilt action

Embalming Tables / Fixation Systems

MEDIS Cat. No. **Description**

MA-0976 [Embalming Table](#) with fully perforated detachable worktop and electronical height adjustment from 750 – 1050mm

MA-0988 [„Perfu-Tek“ Inner Fixation / Embalming System](#) with adj. pressure pump, 3 injection needles + formaline container

Body / Coffin Transport Systems

MEDIS Cat. No. **Description**

MA-1260

MA-1270

MA-2010 on floor scale

MA-1260 [Scissor type body lifter](#) with manual height adjustment 300 – 1800mm

MA-1270 [Scissor type body lifter](#) with electro-hydraulic height adjustment 300 – 1800mm

MA-1271 [Scissor type body lifter](#) with electro-hydraulic height adjustment 300 – 1800mm and dig. scale 0 – 300kgs

MA-1272 [Scissor type body lifter](#) with manual height adjustment 300 – 1800mm and digital scale 0 – 300kgs

MA-2010 [Universal body lifter / transporter](#) with electronic height adjustment 600-1200mm (right)

MA-2008 [Universal body lifter / transporter](#) with electronic height adjustment 600-1200mm and integr. digital scale (0-300kgs)

MA-1302

MA-2037

MA-2008 with digital scale

MA-1302 [Body transporter](#) (2200L x 700Wx850Hmm) with lid

MA-1302 [Body transporter](#) (2200L x 700Wx850Hmm) with lid and integrated digital scale (300kg)

MA-1310 Cover for body transporter with 4 handles, 330mm high

MA-2035 [Animal cadaver transporter](#) with detachable handles (left)

MA-2036 [Confiscate transporter](#) for lift trucks (centre)

MA-2037 [Organ transporter](#) with lift and tilt action (right)

Central Formalin Supply / Removal Plant

MEDIS Cat. No. **Description**

MA-3000 [Central Formalin Supply / Removal System](#) incl. 10 tap-stations . 2 x 600L tanks for fresh and used formalin

Container (600Litre) with safety collection tub

Central Formalin Supply / Removal Plant with control box

Formalin Tap Station (foot switch operation) integrated in MacroDoc-Stations and tissue grossing stations (option)

Grossing / Macroscopy Workstations

MEDIS Cat. No. **Description**

HEPA Filter for Grossing Station (option)

Extracted waste bin and drawer are options

MA-0032 [Standard Downdraft Tissue Grossing Station](#) (wall position) for 1 person (1700Lx750Wx800Hmm), left

MA-0087 [Standard Downdraft Tissue Grossing Station](#) (peninsular pos.) for 2 persons (1700Lx900Wx800Hmm), right

Doctor's work place w. grossing plate

Specimen registration workplace w. screen

Technician's workplace with touchscreen

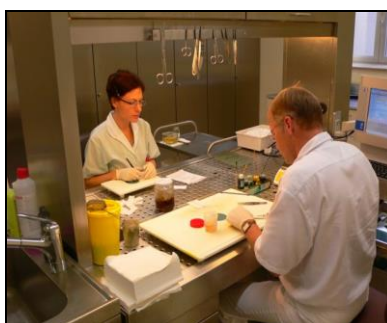

MA-0880 [Standard MacroDoc-Station with Superstructure](#) for 1 person 1700Lx750Wx1850Hmm. Prepared for PC installation

MA-0885 [Standard MacroDoc-Station with Superstructure](#) for 2 persons 1700Lx1000Wx1850Hmm. Prepared for PC installation

! Note: Special dimensions / configurations available on request against surcharge. Max. 2 PC's can be installed inside superstructure. Prepared for installation of camera for telepathology, microphone, digital dictation, barcode reader, footswitch etc. Displays with touchscreen technology.

MA-0885 Small MacroDoc version

MA-0885 with separate sink and one PC

MA-0885 with extr. waste bin and used / fresh formalin drain / supply system

Grossing / Macroscopy Workstations (contd.)

MEDIS Cat. No.	Description
----------------	-------------

Optional accessories for MA-0032 / MA-0085 / MA-0880 / MA-0885:

MA-0881 Electronical height adjustment of tissue grossing tables / MacroDoc stations from 750 – 1050mm

MA-0898 Superstructure without storage cabinets incl. 2 spots, coldlight and 4 x 230V recepticals

MA-0890 Drawer block with 2 drawers 400 x 400 x 150(H)mms

MA-0856 Cutting board (50Bx38Tcm) made from "Corian" incl. 4 feet, drains and blue "macro-differenation-field" (100mm dia.)

MA-0891 Formaline dispensing / collection system with foot switch operated pump and two containers on mobile cart

MA-0889 Extracted waste bin

MA-0850 "deluxe" model with filter & detachable side walls

MA-0870 **GrossLab "Standard"** with filter, 2 spot lights, light, hour counter, 2 detachable walls, grossing board and small sink
Dim.: 1200(W) x 600(D) x 800(H)mm (table top model)

MA-0850 **GrossLab "deluxe"** with filter, 2 spot lights, light, dictating system, scale, hour counter, 2 detachable walls, grossing board and small sink Dim.: 1200(W) x 600(D) x 800(H)mm (table top model)

MA-0861 **Table for MA-0850 and MA-0870** with 4 adjustable feet. sturdy L-frame construction. 800mm high

MA-0860 **GrossLab "XL"** with filter, 2 spot lights, light, dictating system, scale, hour counter, 2 detachable walls, grossing board and small sink. Dim.: 1800(W) x 600(D) x 1640(H)mm (floor model)

Extracted Wet Specimen Cabinets

MEDIS Cat. No.	Description
----------------	-------------

MA-0593 Wet specimen filing cabinet with extraction (appr. 120m³/h) and 5 shelves. Standard size 1000(W)x500(D)x2000(H)mm

MA-0593 Wet specimen filing cabinet with extraction and 5 shelves. 4 individual doors. Std. size 1000(W)x500(D)x2000(H)mm

MA-0572 Wet specimen filing cabinet with extraction, glass doors and 5 shelves. Standard size 3000(W)x500(D)x2000(H)mm

MA-0582 Wet specimen filing cabinet (room divider) with extr. and 10 shelves. Std. size 4000(W)x1000(D)x2500(H)mm

Note: prices of all other configurations on request!

Stainless Steel Lab Furniture

MEDIS Cat. No. **Description**

Histology laboratory work bench and hang cabinets

Autopsy room with workbench

Autopsy room stainless steel furniture

Morgue laboratory work bench with built-in disinfectant

Cloth exchange room

Double sink ready for shipment with protection foil

Cabinet for specimen containers

Note:

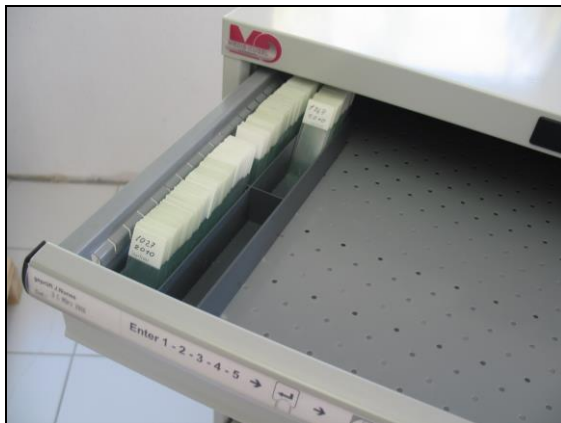

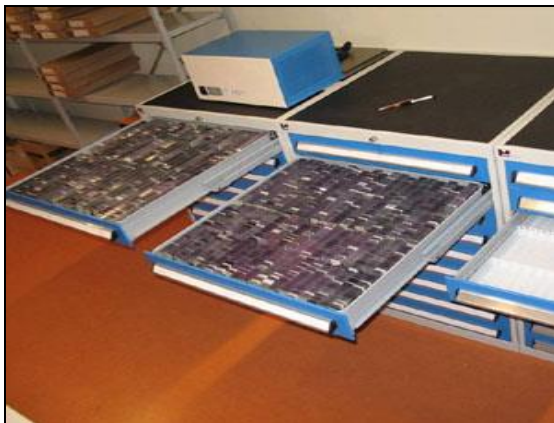

Prices are given on request **only** as most of our furnitures have special dimensions and features!
 Please send us your furnishing room-plans with dimensions and we take care of everything else.

"HistoFile" Storage System for Paraffin-Blocks and Micro-Slides

MEDIS Cat. No. Description

MA-0019 HistoFile cabinet for 21.000 paraffin blocks (72 x 73 x 100(H)cm) with 9 drawers
 Inclusive 324 special plastic trays for 65 paraffin blocks

MA-0017 HistoFile cabinet for 79.000 coverslipped microslides (72x73x100Hcm) with 9 drawers.
 Inclusive 164 special plastic trays for 480 coverslipped microslides

Special wall design possible. 10 standard colours available. Cabinets with electronic lock-system.
 100% drawer pull-out

Recycler for Ethanol, Xylene and Acetone

MEDIS Cat. No.	Description
----------------	-------------

SR 12 Recycler with separation unit for fully automatic separation of ethanol and xylene. Two outlets

MA-0935 [MEDIS Recycler SR 12 EEX](#) (capacity: 12 litres in 12 hours)

MA-0951 Plastic Debris Bags for 12 litre recycler (pack of 50)

MA-0937 [MEDIS Recycler SR 25 EEX](#) (capacity: 25 litres in 12 hours)

MA-0952 Plastic Debris Bags for 25 litre recycler (pack of 50)

MA-0950 Separation Unit for ethanol / xylene

Air Supply Units with Light for all Autopsy-, Necropsy-, Dissection-Tables

MEDIS Cat. No.	Description
----------------	-------------

MA-2018 Light unit for all autopsy tables w/o air supply. Dim. 2000(L)900(W)x400(H)mm (800mm from ceiling)

MA-2017 Ceiling mounted air supply unit with light. Dim. 2000(L) x 900(W) x 400(H)mm

MA-2017 [Air Supply Unit with Light](#) for all autopsy / dissecting tables.
 Adj. slot angle 0-8°. 2 x 200mm OD duct

Anatomy Student Dissecting Tables

MEDIS Cat. No. **Description**

Version without air extraction
 MA-2005 [Docking Autopsy Table](#) (mobile) **without** extraction (1 x right), 2000Lx900Wx850Hmm

Version w. downdraft extraction No odors at demonstrations in front of students Air Extraction Duct (200mm OD)

MA-0974 [Student Docking Dissecting Tables](#) (mobile) with side wall extraction and fully perforated worktop

MA-2004 [PABH Student Docking Dissecting Tables](#) (mobile) with side wall extraction and automatic body transfer system

Info: unique sidewall extraction system for even extraction

Info: dissecting table with inserted transfer body tray

Anatomy Student Dissecting Tables (contd.)

MEDIS	Cat. No.	Description
-------	----------	-------------

MA-0969 [Docking Station](#) (stationary) for docking of **one** docking autopsy table **without** extraction with 1 flex. shower

MA-0970 [Docking Station](#) (stationary) for docking of **one** docking autopsy table (left) **with** extraction and 1 flex. Shower

MA-0971 [Docking Station](#) (stationary) for docking of **two** docking autopsy tables **with** extraction and 2 flex. showers (right)

MA-3600 [Multi-Purpose Student Anatomy Dissecting Tables](#) with Pedestal, interchangeable anatomy worktop, height adjustment from 780-1080mm, unique side wall extraction and extracted armrests. 2600Lx900Wx780-1080Hmm

Body Preservation / Fixation Systems (open dip method)

MEDIS Cat. No. Description

Info: Conservation plant for 48 bodies consisting of 12 cuvettes 2000(L) x 900(W) x 2200(H)mm with lid, 12 body tray Supports and 48 PABH transfer body trays with holes (same trays are used on dissecting tables).

Hydraulic operated Preservation Tank
 MA - 1347

MA-1343 2-tier whole body conservation cuvette incl. body tray support and 2 body trays. Dim.: 2100L x 900W x 1200Hmm

MA-1342 3-tier whole body conservation cuvette incl. body tray support and 3 body trays. Dim.: 2100L x 900W x 1700Hmm

MA-1341 4-tier whole body conservation cuvette incl. body tray support and 4 body trays. Dim.: 2100L x 900W x 2200Hmm

MA-1347 Preservation Tank f. 6 Bodies, hydraulic, side loading

MA-2077 Crane with adjustable lifting speed or lifting above cuvettes

Info: Crane with rail and extraction duct (500mm OD)

Info: Automatic body transfer from cuvette to extr. dissecting table

Body Preservation / Fixation Systems. Open dip method (contd.)

MEDIS Cat. No.	Description
----------------	-------------

MA-1338 3-tier double whole body conservation cuvette for 6 bodies incl. body support plates (material: AISI 316) for manual body transfer. Dimension of cuvette: 2200(L) x 1520(W) x 1600(H)mm

MA-1337 2-tier double whole body conservation cuvette for 4 bodies incl. body support plates (material: AISI 316) for manual body transfer. Dimensions: 2200(L) x 1520(W) x 1200(H)mm

Info: cuvette with 2 divider baskets

Info: cuvette with 3 divider baskets

Info: cuvette with 4 divider baskets

MA-1339 Mobile Conservation Cuvette (1300Lx700W x 700Hmm) with lid and 2 divider baskets for organs and extremities

Body Preservation / Fixation Systems. Open dip method (contd.)

MEDIS Cat. No.	Description
----------------	-------------

MA-1340 Conservation Cuvette for organs / extremities with lid. Inside dim.: 700L x 600W x 500Hmm

Info: basket needs to be lifted with a mobile crane

Info: lid with sturdy frame for 100% tight seal with 3 locks

MA-2057 Conservation Cuvette for animals and extremities with lid and divider basket.. Inner dim.: 1800L x 620W x 730Hmm

Note:

We manufacture all cuvettes / containers according to your specifications! Please ask for prices by e-mail.

“SprayCon CS” Whole Body Preservation System (Closed System)

MEDIS Cat. No. Description

MA-5000-3 “SprayCon CS-3” Fully closed Whole Body Conservation Plant for 3 bodies. Works with formalin, Thiel-solution and any other conservation fluid. [We do guarantee: that no formalin fumes will enter the room!](#)
 Dim.: 900(W) x 2200(L) x 1950(H)mm

Loading of unit with universal transporter

Closed system with 3 bodies inside

Door only opens after full freshwater rinse-cycle and elimination of **all** formalin presence

Easy to operate control panel of SprayCon unit

“DryCon HPCS 1700-1” Whole Body Closed Preservation System (formalin-free)
--

MEDIS	Cat. No.	Description
-------	----------	-------------

MA-1700-1 “DryCon HPCS” High Pressure Whole Body Conservation for one body!
 Patented system without the use of formalin. Conservation fluid: patented Shellac-Solution (DIS)
 Dimension: 3500(L) x 1020(W) x 1920(H)mm

Necessary Consumables:

MA-1710 “DIS-Shellac” Infiltration Solution for DryCon Unit.
 Filling vol. for Tank 1 + 2 is 1300 litres! Lasts for one year when perfusion / embalming with DIS-solution
 is performed before the body enters the DryCon unit!
 Delivery unit: Safety container with 1000 litres (ready for use)

MA-1720 “pH-Regulation Solution” for DryCon System
 Ready-to-use solution for the automatic regulation of the pH-value in the DryCon system. Contents:
 Shellac (dissolved in ethanol) / Ethanol / Aqua Dest
 Delivery: container with 200 litre content.

MA-1719 “MS” Mummification Solution for outside sealing / dry storage of bodies.
 The volume of 100 litres is sufficient for the sealing of appr. 30 bodies!
 Delivery unit: Container with 100 litres (ready-for-use)

Necessary Accessories:

MA-1712 LUTZ Electrical Barrel Pump (explosion proof) for automatic filling / emptying of
 DIS solution into / from DryCon unit incl. quick-lock-system

“DryCon HPCS 1700-1” Whole Body Closed Preservation System (contd.)
(formalin-free)

MEDIS Cat. No. Description

Necessary Accessories (contd.):

MA-1450 PerfuTek perfusion / embalming system – ready for use incl. pump-set (0-6bar), tubing, hand-piece, 3 type perfusion needles and 30 litre container with DIS solution

MA-1005 Embalming table with downdraft sidewall extraction, transfer body tray and electronic height adjustment

MA-2010 Universal Transporter with electr. height adj. (600-1200mm) for automatic body-transfer from / to extracted dissecting / embalming table to coldroom. Incl. battery charger

Bone Maceration Units

MEDIS Cat. No. Description

BDU 1360-1

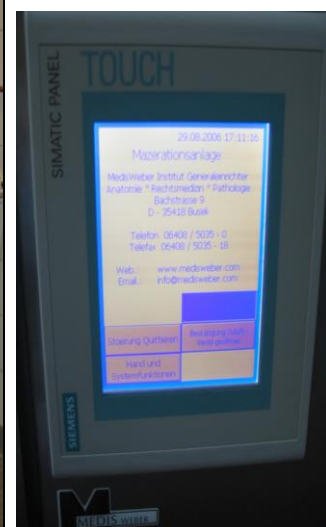

BDU 1360-1 with extraction air hose

MA-1360 **Bone Maceration Unit BMU 1360-1** with one process chamber. Standard chamber size: 700W x 600D x 700Hmm

BDU 1360-2 with flex. shower, connected extraction air hose and "Online pH-probe"

Info: Touchscreen display

MA-1366 **Bone Maceration Unit BMU 1360-2** with two process chamber. Standard chamber sizes: 900W x 800D x 700Hmm / 500W x 800D x 700Hmm. Optional: "Online pH-Value Probe".

Bone Maceration Units (contd.)

MEDIS Cat. No. Description

Control box with actual chamber pH value in bath no. 1

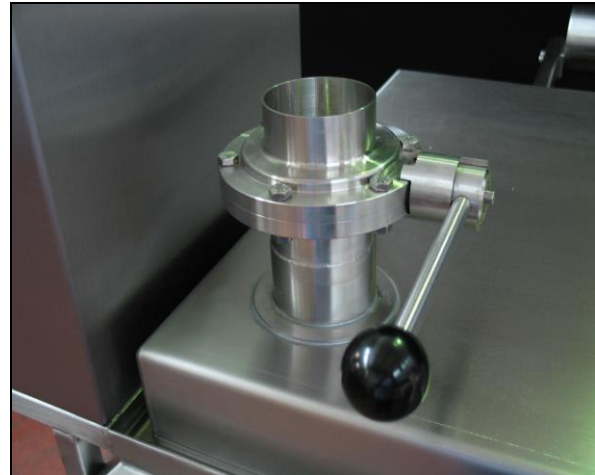

Online pH-value set. Calibration w/o interruption

MA-1367 "Online pH-Value Probe" with control box and steady display of pH-value. Price per process chamber

BMU 1360-1 with lid open

Oxygen supply valve

Air extraction hose (adjustable)

Bone Degreasing Units

MEDIS Cat. No.	Description
----------------	-------------

Process-chamber (1000mm dia.) of BDU 1370-100 incl. lid safety lock & heated fat drain valve

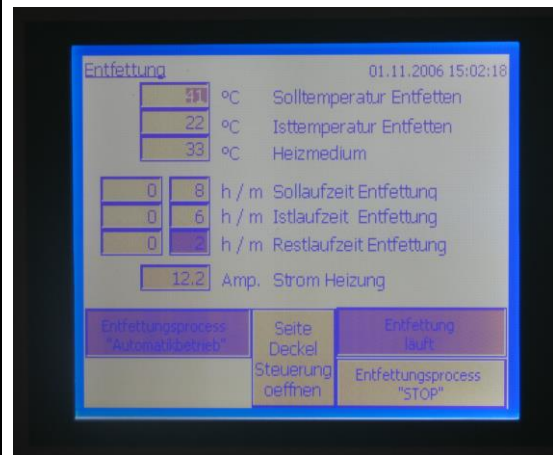

MA-1390 Bone Degreasing Unit, type BDU 1370-100 with process chamber of 1000mm ID / 700mm deep

Bone Degreasing Units (contd.)

MEDIS Cat. No.	Description
----------------	-------------

BDU 1370-100 Dichlormethane (DCM) recycling modul

Touchscreen display for easy programming / control

BDU 1370-100 charcoal filter system (centre)

MA-1371 Cold water unit for economic cooling of chamber lid

Bone Degreasing Units (contd.)

MEDIS Cat. No.	Description
----------------	-------------

MA-1370 Bone Degreasing Unit, type BDU 1370-50 with process chamber of 500mm ID / 700mm deep

MA-1380 Bone Degreasing Unit, type BDU 1370-70 with process chamber of 700mm ID / 700mm deep

MA-1371 Cold Water Supply Unit for economic cooling of process lid (condensation). Optional - strongly recommended

Bone Degreasing Units (contd.)

MEDIS Cat. No.	Description
----------------	-------------

BDU 1370-50 with open process chamber and drip shower

Integrated bone drying system at 41°C

Plastination

MEDIS Cat. No. **Description**

PEG-Infiltrator (optional with alternate vacuum action)

MA-1500 "PEGI" P.E.G. Infiltrator for optimum infiltration into tissue specimens. Inside Dim.: 700L x 500W x 600Hmm

SR 12 Recycler for fully automatic recycling of acetone

MA-0935 **MEDIS Recycler SR 12 EEX** (capacity: 12 litres)

MA-0951 Plastic Debris Bags for 12 litre recycler (pack of 50)

MA-0937 **MEDIS Recycler SR 25 EEX** (capacity: 25 litres)

MA-0952 Plastic Debris Bags for 25 litre recycler (pack of 50)

Forensic Pathology

MEDIS Cat. No.	Description
----------------	-------------

MA-2002 PABH table with downdraft sidewall extraction and transfer-worktop

Hands-free transfer of body to universal transporter MA-2010

Hands-free transfer of body into body fridge. Front: digital scale

MA-2000 [PABH Obduction Table](#) with pedestal, downdraft sidewall extr. and transfer- work-top (2600Lx900Wx850Hmm)

MA-2001 [PABH Obduction Table](#) with rotatable worktop (2 x 45°), downdraft sidewall extraction and transfer- work-top

MA-2002 [PABH Obduction Table](#) with height adjustment (750 – 1050mm), downdraft sidewall extraction and transfer- work-top

MA-2003 [PABH Obduction Table](#) with rotatable top and height adjustment , down-draft sidewall extraction and transfer- work-top

Your Partner for Special Institute Furnishing & Tissue Treatment

**Manufacturing of special stainless steel products and instrument systems for Anatomy,
Legal Medicine, Pathology, Toxicology, Food Testing, Bio-Engineering and Tissue
Treatment on a worldwide basis**
