

# ONIONS

More than 50% of all onions grown on Dutch soil are cultivated in the Flevopolder. The climate, water management and fertile soil guarantee a top quality onion. Due to the quality and our storage conditions, FlevoTrade can supply all year round.

All FlevoTrade onions are graded and packed in our 12.000 square meter high-tech grading- and packaging station. The FlevoTrade grading & packaging station meets the highest product safety- and quality standards:

- ISO 22000
