

Product description

Description	Sodium Chloride food grade/salt food grade.
Appearance	Fine-crystalline
Colour	White
Smell	No foreign smell
Taste	Salty, no foreign flavour
Mechanical contamination	None

Physicochemical parameters:

Calcium	<1 000 mg/kg
Iron	<1.5 mg/kgl
Sulphates	<0.20%
Alkalinity as NA_2CO_3	<0.10%

Physicochemical parameters:

Mechanical contamination	None
H₂O insolvent substances	< 0.05%
Water content in temperature of 110C	<0.05%
pH of 1% solution	5 - 8
Anticaking substance	None

Packaging & Transport:

Packaging	Polyethylene bags on pallets, big bag, bulk.
Transport	Transported in clean, indoor means of transport
Storage	Should be protected against moisture and/or from getting wet.
