

BLACKHOUSEHOLD SOAP

www.aleppohomeco.com

ALEPPOHOME CO.

concentrated formula,
multi-purpose,
hypoallergenic

- Saponified in cauldrons, according to Aleppan tradition.
- Only olive and laurel oils.
- Hypoallergenic, biodegradable.
- Cleans and removes stains from floors and laundry, eliminates aphids, may be used as a pet shampoo.

Authentic Aleppo black soap produced from olive pomace oil saponified in batches with potash and enriched during the heating process with laurel oil.

Perfectly natural, free from chemical products, artificial colouring, solvents and preservatives.

Entirely biodegradable and hypoallergenic, safe for the environment and for your health.

Its concentrated formula makes it an economical choice. One product serves a multitude of uses:

- nourishes and polishes: tiled, parquet and vinyl flooring, terracotta and cement tiles, carpets, marble...
- cleans: plates and dishes, kitchen and bathroom surfaces...
- removes stains from: laundry, delicate clothing, paintbrushes...
- removes mould caused by aphids.
- washes animal coats: dogs, cats, horses... recommended by veterinarians.
