de

001 Certification), helping you satisfy your own quality commitments
ETHOXYLATES, compliant with REACH regulations, ecological

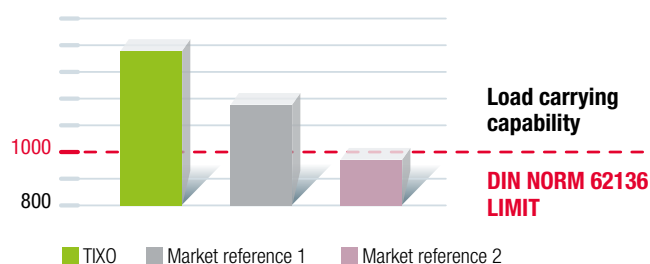

- Presence in **150+ countries**
- **60+ years experience** in Textile Specialties
- Only **major oil supplier** in Textile Industry
- **A full range** of specialties and industrial lubes covers all Textile production chain
- Partnerships and cooperations with Industry **reference IOEM's* and Institutions**

STRONG

DIN 62136 (SRV TEST) COMPLIANCE, CERTIFIED BY GROZ-BECKERT

Cutting edge technology setting the standards to a new level with **exceptional load carrying capacity** and **wear resistance**, with adapted washability according to your needs.

RELIABLE & ECO-RESPONSIBLE

- Certified according to **ECO PASSPORT** by **OEKO-TEX®**, compliant with **STANDARD 100** by **OEKO-TEX®**
- Compliant with **GOTS, Global Organic Textile Standard**
- **Extends** the needles, sinkers, cams and cylinders life
- **Helps** to optimize the costs
- **Reduces** down times
- **Compatible** with elastane fibres

COMPATIBILITY

Electronic Cards

Rubber

Paint

TOTAL recommends to use **LISSOLFIX** Coning Oil applied yarns to avoid carbonization problems on the needle hooks.

A major player

With our production, supply chain and commercial presence in more than 150 countries, we deliver a full range of lubricants.

Support and partnership

Thanks to local technical presence, we provide a high level of service to optimize your Total cost of Ownership.

References & OEMs

Total Lubrifiants cooperates with equipment manufacturers to create high-technology products for optimal performance and production of your machinery.

5 good reasons for choosing TOTAL

Innovation & Research

Total invests in biotechnologies to find the most suitable components to reach energy efficiency through formulations designed in our Research Centers.

Quality and environment

Total Lubrifiants ISO 9001 and 14001 certifications are the guarantee of a long term commitment to quality and environment. From the initial design stage, our R&D teams seek to develop products that minimize toxicity risks and environmental impact.
